CCL Industries Acquires McGavigan Holdings for CCL Design

Toronto, January 7, 2022 - CCL Industries Inc., a world leader in specialty label, security and packaging solutions for global corporations, government institutions, small businesses and consumers, announced today it has acquired privately owned McGavigan Holdings Ltd. (“McGavigan”), a leading supplier of ‘in mould’ decorated components for automotive interiors.

McGavigan supports its global automotive customer base from a long established manufacturing plant in the U.K. and a recently completed, wholly owned greenfield facility in China, where a significant majority of its operations are based. Capabilities include state-of-the-art clean rooms with technical screen printing, high precision forming, injection moulding and automation technologies.

For the calendar year 2021, consolidated sales and adjusted EBITDA are estimated to be \$55.7 million and \$14.6 million, respectively. The purchase price consideration, net of cash acquired and debt assumed, is approximately \$105.5 million.

Geoffrey T. Martin, President and Chief Executive Officer of CCL Industries Inc., commented, “We have known McGavigan and its key people for many years, and are very pleased to welcome the team to CCL where they will continue to focus on innovative specialty product designs for automotive interiors. This acquisition significantly expands our presence in the automotive sector in China and brings important new product and technology platforms to our CCL Design global network, headed by Derek Cumming, Group Vice President.”

Forward-looking Statements

This press release contains forward-looking information and forward-looking statements (hereinafter collectively referred to as “forward-looking statements”), as defined under applicable securities laws, that involve a number of risks and uncertainties. Forward-looking statements include all statements that are predictive in nature or depend on future events or conditions. Forward-looking statements are typically identified by the words “believes,” “expects,” “anticipates,” “estimates,” “intends,” “plans” or similar expressions. Statements regarding the operations, business, financial condition, priorities, ongoing objectives, strategies and outlook of the Company, other than statements of historical fact, are forward looking statements. Specifically, this press release contains forward-looking statements regarding estimated sales and adjusted EBITDA for the year ended December 31, 2021.

Forward-looking statements are not guarantees of future performance. They involve known and unknown risks and uncertainties relating to future events and conditions including, but not limited to, the impact of competition; consumer confidence and spending preferences; general economic and geopolitical

conditions; currency exchange rates; interest rates and credit availability; technological change; changes in government regulations; risks associated with operating and product hazards; and the Company's ability to attract and retain qualified employees. Do not unduly rely on forward-looking statements as the Company's actual results could differ materially from those anticipated in these forward-looking statements. Forward-looking statements are also based on a number of assumptions, which may prove to be incorrect, including, but not limited to, assumptions about the following: global economic environment and higher consumer spending; improved customer demand for the Company's products; continued historical growth trends, market growth in specific sectors and entering into new sectors; the Company's ability to provide a wide range of products to multinational customers on a global basis; the benefits of the Company's focused strategies and operational approach; the achievement of the Company's plans for improved efficiency and lower costs, including stable aluminum costs; the availability of cash and credit; fluctuations of currency exchange rates; fluctuations in resin prices; the Company's continued relations with its customers; the Company's estimated annual cost reductions; and economic conditions. Should one or more risks materialize or should any assumptions prove incorrect, then actual results could vary materially from those expressed or implied in the forward-looking statements. Further details on key risks can be found in the 2020 Annual Report, Management's Discussion and Analysis, particularly under Section 4: "Risks and Uncertainties." CCL Industries Inc.'s annual and quarterly reports can be found online at www.cclind.com and www.sedar.com or are available upon request.

Except as otherwise indicated, forward-looking statements do not take into account the effect that transactions or non-recurring or other special items announced or occurring after the statements are made may have on the Company's business. Such statements do not, unless otherwise specified by the Company, reflect the impact of dispositions, sales of assets, monetizations, mergers, acquisitions, other business combinations or transactions, asset write-downs or other charges announced or occurring after forward-looking statements are made. The financial impact of these transactions and non-recurring and other special items can be complex and depends on the facts particular to each of them and therefore cannot be described in a meaningful way in advance of knowing specific facts. The forward-looking statements are provided as of the date of this press release and the Company does not assume any obligation to update or revise the forward-looking statements to reflect new events or circumstances, except as required by law. The financial information presented herein has been prepared on the basis of IFRS for financial statements and is expressed in Canadian dollars unless otherwise stated.
